Ignite creativity across your curricula with help from the Adobe Education Exchange.

Learn, teach, connect, and collaborate with the community for educators.

Now more than ever, the world needs creative ideas. When students become creators of digital content, they can amplify their ideas and communicate with impact. Educators have an opportunity to foster creativity in their students and help them build digital skills and digital literacy.

The Adobe Education Exchange helps ignite creativity in curricula worldwide by connecting educators through teaching resources, professional development opportunities, and peer-to-peer collaboration.

Check out teaching resources.

Elevate your curriculum in any course with curated lesson plans, projects, webinars, and more—helping you find new ways to engage students.

Explore thousands of teaching materials.

Find the best resources to prepare your course work and projects, and get inspired by innovative ideas for integrating Adobe software into your curriculum.

Find professional development opportunities.

Learn new ways to unleash your students' creativity through free self-paced workshops, collaborative courses, and live events.

Connect and collaborate with innovative educators.

Network with the creative education community and start a dialogue on the topics you're thinking about and exploring.
