Customized Computing Solutions

Hewlett Packard Enterprise (HPE) offers Big Data Solutions, Security Solutions, Cloud Solutions, Data Center Solution.

HP Inc. manufactures world-class laptops, pc desktops, printers, supplies, toner, & accessories.

IT Transformation, combining leading infrastructure, data storage, hybrid cloud and data protection solutions.

Lenovo designs, develops, manufactures and sells personal computers, tablet computers, workstations, servers, electronic storage devices.

The Intel® NUC is a powerful 4x4-inch mini PC with entertainment, gaming, and productivity features.

Fujitsu designs, develops, and manufactures innovative rugged computer products for the global marketplace.

Microsoft develops, manufactures, licenses, supports and sells computer software, and personal computers and services. Its flagship hardware are the Microsoft Surface series of tablets.

Supermicro provides application-optimized server, workstation, blade, storage and GPU systems.

Network Infrastructure Solutions

Converged Network Infrastructure, Application Delivery Controllers and SAN Networking.

Wiring and communication products, network cabling systems, cable and wiring accessories.

Routing, Switching, Wireless, Collaboration, Security, Data Center, Video and Broadcast Cable, Optical Networking, Network Management and Services.

Networking hardware and software, including LAN switches, wireless LAN services, WAN routers, and software for both network management and security.

Routing platforms, Session Border Controllers, secure data center acceleration, WAN acceleration, and network and endpoint security solutions.

Ethernet switching, wireless, network security, and network management solutions.

Data Center Solutions

Power availability, cooling, and enclosures.

Software and services that address risks to security availability, compliance, and performance.

Routing, Switching, IP Communications, Network Security, Wireless LAN, Storage Area Networking, Home Networking, Video Systems, Application Networking Services.

Hewlett Packard Enterprise (HPE) offers worldwide IT, technology & enterprise products, solutions and services.

Information management, SAN, NAS, IP storage systems and storage software solutions. Legato offers software solutions for information lifecycle management.

Data backup systems.

SAI TECH incorporated

Printing and Scanning Solutions

xerox — Range of color and black-and-white printers, multifunction systems, photocopiers, digital production and related consulting services and supplies

hp — World class printing solutions.

Rugged, reliable computers, servers, and workstations

FUJITSU — World class scanners, and printers.

brother — Printers, All-in-Ones, Scanners & fax, Labeling Systems, Home Sewing & Embroidery, Industrial Garment Printers.

EPSON — Printing solutions for network environments.

ZEBRA TECHNOLOGIES — On-demand printing solutions for business efficiency and security applications.

LEXMARK — Creates innovative imaging solutions and technologies that help customers print, secure and manage information with ease, efficiency and unmatched value.

Unified Communications and Collaboration Solutions

AXIS COMMUNICATIONS — Network video over IP solutions.

NEC — Display solutions.

BROCADE — Network infrastructure and VOIP security.

PHILIPS — LCD display screens and computer monitors.

ViewSonic — Leading global provider of computing, consumer electronics, and communications solutions.

plantronics — Wired and wireless headset solutions and accessories.

SAMSUNG — Personal computer and tablets accessories including webcams, headsets, speakers and more.

Communications solutions.

LG — Innovative technology and sleek designs to suit your life and your style.

Network Power, Cooling and Accessories

APC by Schneider Electric — Power availability, cooling, and enclosures.

TRANSITION NETWORKS — Media converters, switching, PoE, and wireless products.

EATON Powering Business Worldwide — UPS power surge protectors, UPS power systems, UPS power system analysis, and UPS power system protection solutions.

EMERSON Network Power — Power protection systems, surge suppression, power management, precision cooling, enclosures, monitoring and services solutions.

DELTA — Power supplies in industrial, medical and consumer electronics devices.

ZIPPY — Well recognized for high-performance industrial power supplies

Wireless and Mobility Solutions

aruba NETWORKS — Wireless mobility, security, RF management, switching, Mesh Networks, FMC, and access points for data, voice and video applications.

LINKSYS — Wired and wireless routers, switches, VoIP equipment, wireless internet video cameras, audio visual products and network storage systems.

CISCO — Routing, Switching, IP Communications, Network Security, Wireless LAN, Storage Area Networking, Home Networking, Video Systems, Application Networking Services.

Honeywell — Handheld mobile computers.

Cyber Security Solutions

TREND MICRO — Anti-virus, Internet content security software and appliance based management solutions for corporate computer systems, personal computers, and mobile devices.

JUNIPER NETWORKS — Routing platforms, Session Border Controllers, secure data center acceleration, WAN acceleration, and network and endpoint security solutions.

CISCO — Routing, Switching, IP Communications, Network Security, Wireless LAN, Storage Area Networking, Home Networking, Video Systems, Application Networking Services.

McAfee — Security software solutions for complete virus protection and Internet security.

DELL SonicWALL — Network security, secure remote access, Web and e-mail security, continuous data protection, and policy and management solutions.

Symantec — Email security, encryption and management, endpoint security and IM security.

veeam — Develops backup, disaster recovery and virtualization management software for VMware and Hyper-V virtual environments.

Check Point SOFTWARE TECHNOLOGIES LTD. — Delivers consolidated Gen V cyber security across networks, cloud, and mobile environments.

Cloud, Content Management and Storage Solutions

Adobe — Creative marketing document solutions.

LSI — Storage controllers and storage solutions.

DELL Wyse — Thin computing hardware and software.

matrox Graphics for Professionals — Graphics cards.

EMC² — Information management, SAN, NAS, IP storage systems and storage software solutions. Legato offers software solutions for information lifecycle management.

Quantum — Data backup systems.

redhat — Open source software platform for Cloud Computing, Virtualization, Storage and more with enterprise level support and services

vmware — Virtualize and consolidate servers, and do the same for networking, storage and security.
